

Sustainable Energy Academy 2017

Workshop Agenda

Marz and local-government officials

9:30-10:00	Registration
Time	Topic
Session 1	Welcome remarks
10:00-11:30	Building Energy efficiency (EE) Regulations in Armenia: What you need to know to implement the law <ol style="list-style-type: none"> i. Recent Legal-Regulatory changes related to building energy efficiency ii. Existing building thermal insulation norms and standards in Armenia. iii. Challenges in implementing & enforcing the existing norms in Armenia. iv. What are your experiences in implementing EE measures in their local communities? What were the challenges? How were they overcome? Are there any lessons learned?
11:30-11:45	Coffee break
Session 2	Energy efficiency measures for your communities
11:45-13:15	<ol style="list-style-type: none"> i. What are the EE strategies which would appeal to your local communities? ii. Sustainable Energy Action Planning (SEAP): Practical experiences iii. Energy savings in street lighting. Success stories in Armenia. iv. Practical experiences in increasing the EE: Residential and Public buildings v. Green procurement & financing schemes.
13:15-14:45	Lunch break
Session 3	Distributed Energy Generation: How local communities can take advantage of opportunities provided by Armenian legislation
14:45-16:15	<ol style="list-style-type: none"> i. Existing feed-in tariff (FiT) and net metering laws in Armenia. ii. Identifying resources which could be used as renewable energy in local communities for heating and electricity. iii. The installation of solar photovoltaic power stations in communities and their financial impact on the community budget. iv. The effect of distributed energy generation on the electrical grid.
16:15-16:30	Coffee break
Session 4	Round-table discussion of the next steps
16:30-18:00	<ol style="list-style-type: none"> i. Existing national & regional programs for improving energy efficiency and increasing investments in renewable energy at the provincial and local government levels. ii. Break-down of the next steps concerning the post-workshop activities: <ol style="list-style-type: none"> a. The expected final deliverables. b. The template and formats to be used for the submissions. c. The deliverables evaluation criteria.
